Juho Kivioja has been appointed Chief Investment Officer of Amplia & Co AG

Amplia has appointed Juho Kivioja as Chief Investment Officer starting July 1st 2018. Juho joins Amplia from UBS Switzerland, Zurich, where he was managing a book of UHNW UK resident-non-domiciled clients. In his new role Juho will be responsible for Amplia's investment strategy together with Mikael Rosenius and Michael Rosenlew. His primary tasks and responsibilities will include daily portfolio management, preparation of investment decisions, support of the sales organisation as well as further development of Amplia's existing investment model.

Amplia in brief:

Amplia & Co. AG is a Swiss, independent wealth management company, located in Zurich, that focuses on wealth management for Nordic so-called High-net-worth individuals.

The company creates bespoke wealth management solutions for its clients, based on both advisory or discretionary models. In doing so, Amplia & Co. AG uses quantitative investment models that it has developed together with Eniso & Co. AG and that have received top rankings in multiple years by several financial magazines such as Bilanz and Citywire. On top of wealth management, Amplia & Co. AG tailors for its clients family office and wealth planning services, and advises in international relocations. Amplia & Co. AG was founded by its current main owner and CEO, Mikael Rosenius (Finnish and Swiss citizenship).

About Juho Kivioja:

Juho graduated as Master of Economics from the University of Turku, Finland, in 2009. He started his financial career in 2010 in St. Gallen, Switzerland where he worked in investment method and portfolio management at Wegelin & Co (today part of Notenstein La Roche). In January 2011 Juho moved to UBS Switzerland AG in Zurich where he has held various positions at UBS Wealth Management at the UHNW UK resident-non-domiciled (RnD) desk and has built up the UK RnD franchise that focuses on clients relocating to the UK from emerging markets. Juho is a Chartered Financial Analyst (CFA) charterholder.
